The electromagnetic pulse EMP Threat: House of

Of all the potential disaster threats we face today, an attack by EMP is probably one of the scariest. Properly carried out, an EMP has the potential of sending our lifestyle back by about 100 years, forcing us to live much as our great-grandparents did. The loss of electrical power would turn most ...

7 Things That Will Survive an EMP - Ask a Prepper

There are a lot of people talking about electromagnetic pulses (EMPs) these days. A few of them actually know what they're talking about. And even those few don't know exactly what effects an EMP might have because most of it is still theory.

2 big EMP protection lies - Patriot Headquarters Blog

The threat of an Electromagnetic Pulse (EMP) strike on this country is a very well documented one, I have written about the threat in the past and have used information from the EMP Commission report which was published in 2004 in several of my articles. Most recently I read an article published over on the Economic Collapse Blog which sums up nicely what impact an EMP strike would have on our ...

7 actions to take immediately following an EMP strike

An EMP can be caused by the detonation of a large bomb, nuclear or otherwise, in the atmosphere, miles above land. Its pulse wave can easily cover a continent and destroy electronic components in computers, engines, power plants, and solar panels alike.

What's in YOUR Faraday Cage? A Common Sense Guide to

When it comes to worst case scenarios, it's hard to beat the Electromagnetic Pulse (EMP) and many people wonder how to make a Faraday cage to protect their electronic devices . From my book, Survival Mom: I'm not ashamed to say that reading One Second After by William Forstchen scared the living daylights out of me. For weeks, I didn't want to travel more than 15 or 20 miles from home.

Prepper Skill of the Month: Make a Faraday cage

According to researchers at EMPact America, an organization dedicated to studying and preparing for the possibility of large-scale electro magnetic pulse threats that can destroy our modern day electrical infrastructure, the earth came dangerously close to a serious destabilization event.

Carrington Class: "The World Escaped an EMP Catastrophe"

I'm a big time reader. I've found that some people who are not interested in prepping will read a prepper novel, like One Second After, & in some cases, it may trigger an interest in prepping.

Doomsday Preppers was an American reality television series that aired on the National Geographic Channel from 2011 to 2014. The program profiles various survivalists, or "preppers", who are preparing to survive the various circumstances that may cause the end of civilization, including economic collapse, societal collapse, and electromagnetic pulse. The quality of their preparations is graded ...

Doomsday Preppers - Wikipedia

I agree, any nation that has nukes and is willing to use them would more than likely do an EMP after all, what good would it do to ruin all the resources that could be plundered while Americans are running around like chickens with their heads cut off?

The Best Way to Prepare Your Home for A Nuclear Attack

Very little in our world seems to make sense. Itâ€™s as if the people around us are living in an alternate reality, vastly different from the one that you and I live in. And, it is that insanity that will destroy the world. Worse, the insanity is so great, so broad and so deep, that pointing it out ...
