360-degree capture is still a relatively new concept, and one that can be hard to explain to the casual consumer. But play someone a 360 video and you suddenly have the ability to expand their idea of what photography is. This is especially true when 360 content is viewed with a smartphone that ...

The Science Three-Level Hypothesized Explanation of the IM effect (McGrew, 2012). Interactive Metronome (IM) is believed to improve the resolution and efficiency of an individual's internal brain clock(s) and temporal processing. In turn, it is hypothesized that this results in more efficient brain connectivity,

communication, and synchronization via increased integrity of the brains white ...
