### **Experimental Political Science - rd.springer.com**

Politics is an observational, not an experimental science (Lowell 1910, 7). The lopsided ratio of observational to experimental studies in political science, over the one hundred years since Lowell's

statement, arguably affirms his assessment. The next hundred years are likely to be different.

### **Cambridge Handbook of Experimental Political Science**

Journal of Experimental Political Science. We define experimental methods broadly: research featuring random (or quasi-random) assignment of subjects to different treatments in an effort to isolate causal relationships in the sphere of politics. JEPS embraces all of the different types of experiments carried out as part of political science research,...

### **Journal of Experimental Political Science | Cambridge Core**

An exploration of core problems in experimental research on voting behaviour and political institutions, ranging from design and data analysis to inferences with respect to constructs, constituencies and causal claims.
