This table lists the groups of nations to which some specific multi-national intelligence and reconnaissance information can be released. This is shown by using the dissemination markings or handling instructions: REL NATO, REL 4-EYES, REL 9-EYES. The famous Five Eyes term also has its origins in the former NSA dissemination marking EYES ONLY, which defined which 'eyes' may see certain material.

Reader's Comments ()Author's Note: Before getting to the story, I wanted to right a brief intro for anyone who chooses to read it. First of all, I'd like to thank you for taking the time to check out my work. Secondly, I wanted to give you an idea of what you can expect, since it is quite a commitment to make it all the way through, as those of you who read my first story now surely know.
