The Golden Rule is a guideline for the operation of fiscal policy. The Golden Rule states that over the economic cycle, the Government will borrow only to invest and not to fund current spending. In layman's terms this means that on average over the ups and downs of an economic cycle the government should only borrow to pay for investment that benefits future generations.

Budget sequestration is a procedure in United States law that limits the size of the federal budget. Sequestration involves setting a hard cap on the amount of government spending within broadly defined categories; if Congress enacts annual appropriations legislation that exceeds these caps, an across-the-board spending cut is automatically imposed on these categories, affecting all departments ...
